Discord channel dedicated to learning inDesign, best practices for document setup, and design feedback.

### Edit & Proof

**Edit** **3¢/word, min \$30**

Edit text for spelling, grammar and consistency. Check cross-references. Adjust text to conform to style guide if one exists.

**Developmental edit or conversion** **5¢/word, min \$50**

Standard edit + document restructuring and organization for better clarity and flow. Mechanics review. Convert between two (known) systems.

**Proofing** **\$1/page, min \$25**

Review a finished product to provide *minor* text edits and design changes.

### Design & Build

**General design** **\$25/hour**

Create anything not covered by other categories. This also gives guidance on "starts at" costs.

**Template setup** **\$25/hour, min \$100**

Create a look and feel for the overall project that fits your concept. Overall file setup elements such as master pages, styles, type choices, background images and other visual elements. At least two variations to choose from, plus 2 rounds of revisions.

**Page layout** **\$3-5 per page, min \$25**

Import final text and images to the document. Style text and use provided images to enhance the layout.

**Logo design** **\$25/hour, min \$100**

Conceptualize and execute a logo for an adventure, setting, or company. At least two variations to choose from, plus 2 rounds of revisions.

**Environmental design** **\$25/hour**

Banners, signs, booth swag. Branded items to hand out. Coordinate with printers and get quotes.

### Art Direct

**Source art/artists** **Art cost + 5%**

Coordinate with, and art-direct, artists to get custom art for your project.

**Source stock art** **Art cost + 5%, min \$5 each**

Research and curate stock art to purchase or license. Free stock art charged at \$5 per image.
